Tropicana launches Fraser Heights in Tropicana Uplands

JOHOR BHARU: The 313-acre Tropicana Uplands is one of Tropicana Corporation Bhd's signature townships in Johor.

Last month, Tropicana Uplands hosted a soft launch to introduce Fraser Heights, its latest landed residential phase. The event attracted more than 1,000 visitors and registrants.

Tropicana Uplands is a sustainable township boasting work-live-learn-shop-play components with connectivity to five major highways. The purchasers of Fraser Heights will enjoy the same amenities and facilities from schools, golf clubs, theme parks, medical facilities, shopping, departmental stores, and the 19-acre central park comprising of a football field, multi-purpose courts, bicycle track, jogging track, outdoor gym, playground and pedestrian walkways.

Strategically located in the international zone of Iskandar Malaysia, Tropicana Uplands is poised to be the new pulse of Gelang Patah as it is surrounded by matured residential and commercial properties with an estimated projected population of 140,000.

Fraser Heights is the latest phase of modern and upper-class development within Tropicana Uplands. Consisting of 2- and 3-storey terrace homes, the 36-acre development is surrounded by various amenities. Its close proximity to Singapore and the Malaysia-Singapore Second Link makes it ideal for Malaysians working in Singapore, Singaporeans, and families looking to upgrade their homes.
